DO's

MASK WEARING TIPS

DONT's

Clean your hands before putting your mask on, and after taking it off.

Adjust your mask so that it fits snugly and is not gaping at the sides.

Make sure your mask **covers your nose, mouth and chin.**

Avoid touching your mask.

Clean your cloth mask after each use in soap or detergent, and hot water.

Don't wear your mask **under your nose.**

Don't share your mask with someone else or use someone else's mask.

Don't take off your mask when within 6ft of another person.

Don't wear a **dirty or wet mask.**

Don't wear a mask that is **difficult to breathe in.**
